THERMOLAMINATED vinyl doors & panels

Create your look

THERMOLAMINATED 18mm Manchester vinyl doors in Grey Oak Natura.

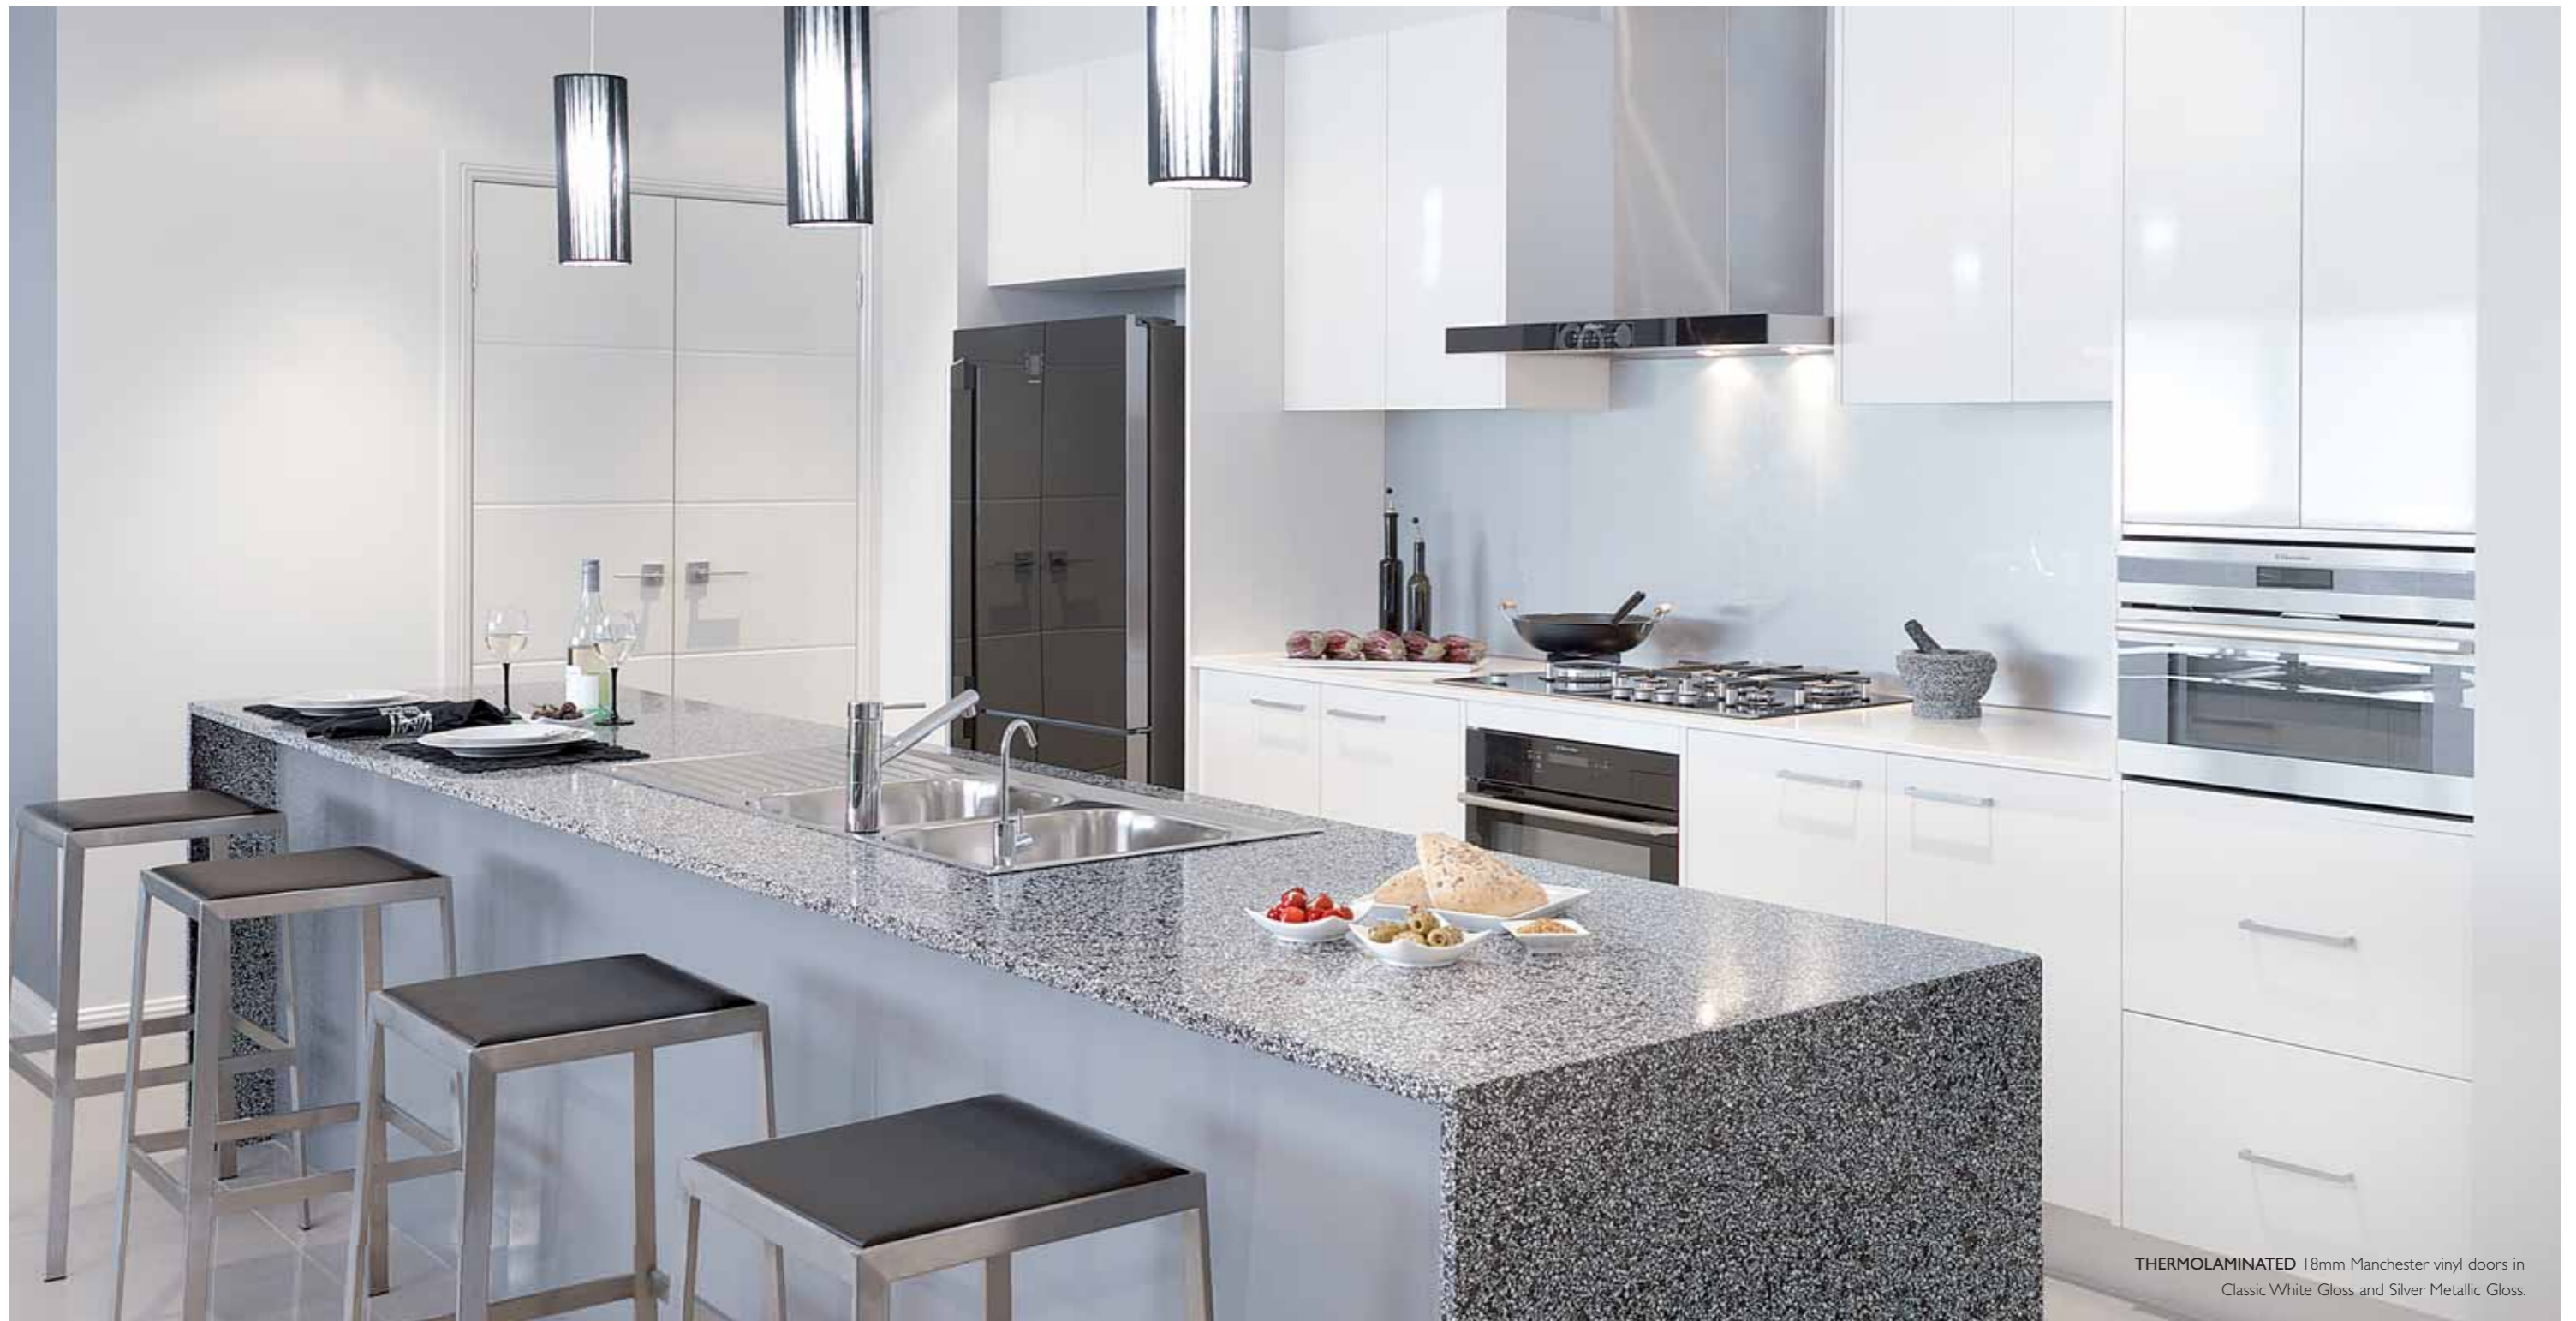

Polytec's beautifully crafted range of **THERMOLAMINATED** vinyl doors and panels will add character to your home. From sleek, contemporary minimalistic designs to the more traditional look of country style doors, **polytec** can supply a style that will complement your kitchen.

THERMOLAMINATED vinyl doors and panels are made from moisture resistant MDF, constructed with a durable and decorative surface on the face and

edges. The result is a stylish, fully profiled door. Its thermoformed surface makes it resistant to the usual knocks and bumps of a busy household, ensuring your kitchen will remain a showpiece for years to come.

polytec timberprint doors have matching matt melamine backs, excluding the Studio Range. This unique feature enhances the natural and realistic look of the timberprint design.

THERMOLAMINATED 18mm Manchester vinyl doors in Classic White Gloss and Silver Metallic Gloss.

THERMOLAMINATED vinyl doors and panels are available in a range of colours, profiles and surface finish options. Our stunning gloss finish is available in both solid colours and timberprints, which are a classic feature in today's modern kitchen. All surfaces are non-porous and easy to clean, and so will retain their beauty.

THERMOLAMINATED vinyl doors and panels are designed to be complementary. This makes it easy

to co-ordinate your favourite shades and finishes with **polytec's LAMINATE** and bench top range, **MELAMINE** doors and panels and **ALUMINIUM** framed glass doors. **polytec** colours and finishes work in harmony with each other and allow you to create your own fashionable kitchen.

Stylish, functional and simple, **THERMOLAMINATED** vinyl doors and panels are suitable for any internal joinery application including vanities, wardrobes,

custom built furniture, storage units and laundry cupboards.

All **polytec** manufactured doors come with a 7 year warranty, giving you peace of mind.

THERMOLAMINATED vinyl doors and panels are manufactured from the highest quality materials and designed to provide years of trouble free service.

THERMOLAMINATED 21mm Manchester vinyl overhead cupboard doors in White Natura.

Now available from **polytec** are **THERMOLAMINATED** vinyl Return Panels. Featuring a seamless square front edge in either 18 or 36mm the Return Panels are ideal for creating a contemporary quality look for your end panels.

The Return Panels can be co-ordinated to match or contrast your doors as they are available in all **THERMOLAMINATED** colours and finishes.

36mm Return Panel.

door frames

Polytec's **THERMOLAMINATED** vinyl door frames will give your kitchen cabinetry an open, spacious feel and provide a unique showcase to display ornaments or kitchen accessories.

The addition of either square or arched colonial frames can provide a more traditional look to your kitchen design and add a point of difference.

The use of **MELAMINE** colours inside your cabinets will ensure a consistent look flows throughout your kitchen.

SHELVING

Polytec helps you integrate shelving units into your kitchen by providing **THERMOLAMINATED** vinyl panels in matching colours. Shelving is another way to re-style your kitchen, allowing ornaments and books to be rotated to show your personality and evoke different moods and styles.

HEAT DEFLECTOR

Flush mounted ovens are often not designed to deflect heat away from surrounding surfaces. **polytec** offer metal heat deflector strips for use where such ovens are alongside **THERMOLAMINATED** vinyl doors and panels. Please note that if heat deflector strips are not used, warranty will be void.

ROLLER SHUTTERS

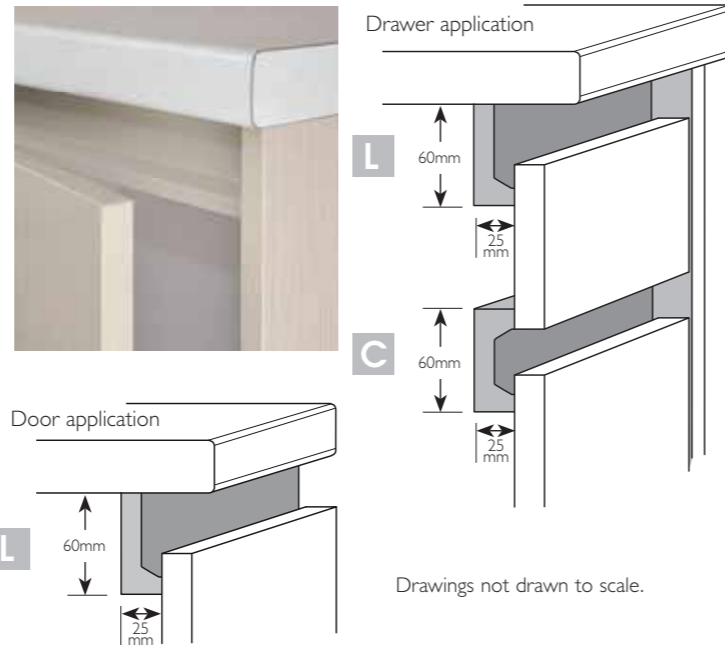

Roller Shutters provide handy storage for bench top appliances. The shutters can be easily accessed as required, or quickly concealed to keep your kitchen tidy.

DRAWERS

Polytec manufacture drawer banks are available in a range of styles to suit the profile of your doors. For a traditional look choose individual drawers to enhance the crafted look of each panel. For the more contemporary integrated look choose a drawer bank style that matches the adjoining doors.

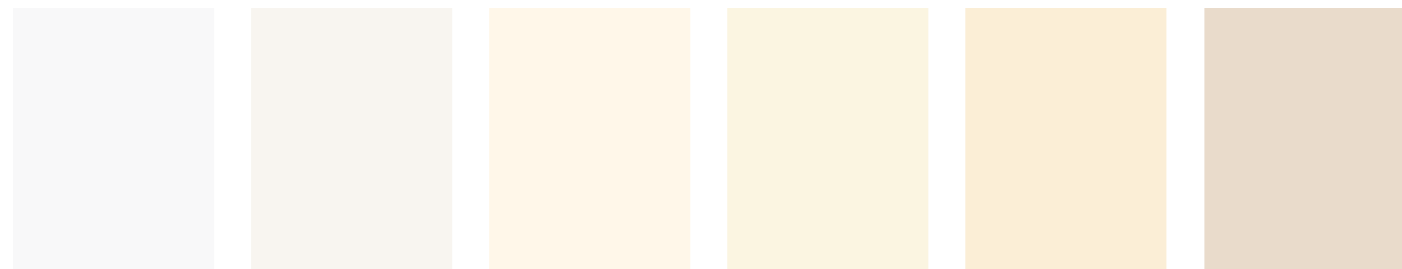

RECESSED RAILS

Minimalist and handle-free doors and drawers are the latest trends in kitchen design. To create a modern space with flowing horizontal lines, **polytec** offer a range of recessed rails to match our **THERMOLAMINATED** vinyl doors and panels.

THERMOLAMINATED 21mm Manchester vinyl overhead cupboard doors in White Natura.

Your **THERMOLAMINATED** vinyl doors and panels are made from a Moisture Resistant Medium Density Fibreboard (MR MDF), but as with many wood based panels, they are not waterproof. Care should be taken to wipe up spills immediately, ensuring the doors are not exposed to high or continuous levels of moisture, steam and humidity.

THERMOLAMINATED vinyl doors and panels should be cleaned by wiping down with a white

damp soft cloth and warm soapy water. For more stubborn stains use a mild household cleaning spray. Always ensure you refer to the recommendations provided by the manufacturer of the cleaning product before use.

By following these simple steps you should retain a beautiful kitchen surface for many years.
